

UNKNOWN YOUNG WOMAN ATTEMPTS SUICIDE BY DRUG

Gives Name as "Mary Smith," Recovers Soon and Disappears From Police Ken

A woman's cleverness got the best of the police department early this morning and Deputy Sheriff Julius Asch is still pondering over the manner in which it was done.

"You have a handbag that belongs to me," said a little, demure, well-dressed woman walking up to the clerk's desk.

"Who are you?" inquired Deputy Sheriff Asch, who had reached into the safe for a handbag and handed it to the claimant for identification.

The woman lost no time in opening the purse and eagerly looked over the pages of a manuscript of a short playlet, "School Days," to be given tomorrow night in connection with an entertainment for Leahi Home.

Again the officer asked the woman her name. The woman seized the bag, set it, and she was out of the sheriff's office, down the steps, and soon lost in the crowd that thronged the vicinity of the post office.

The bag came into official custody after Police Officer M. H. Sanders answered a call from the Moana hotel at 10:30 last night. It was reported a woman had attempted suicide.

He found a young woman lying under a tree apparently unconscious.

Nearby was a small vial that had contained chloroform. The girl was rushed to the hospital and immediate treatment applied. She regained consciousness while on the way to the institution.

She declined to give her name to the police officer. When questioned by a hospital attendant she said it was "Mary Smith," and that she was formerly of the Samoan Islands.

The woman was out of all danger shortly after midnight. She left the hospital at daylight and lost no time visiting police headquarters for the return of the precious manuscript. The bag is said to have contained about everything save money. A five-cent piece represented its total wealth.

Friends of Miss Madeline Smith, Pennacola and Lunalia streets, a member of the "School Days" caste, were busy on the telephone today inquiring as to her welfare, according to one of these friends. The Star-Bulletin was unable to get in touch with Miss Smith, but one of these friends telephoned the young lady in the presence of a Star-Bulletin representative and to him she denied any connection with the attempted suicide at the Moana hotel grounds.

She asked that a statement to that effect be given out. Dan Weber, a member of the cast presenting the benefit performance for Leahi Home, said he knew of a girl member whose first name was Madeline, but whose last name he didn't know. Later Mr. Weber telephoned the Star-Bulletin and declared he knew that it wasn't Miss Madeline Smith who last night attempted suicide.

David M. Parry, former president of the National Manufacturers' Association, died at his home in Indianapolis of uremic poisoning.

A shipment of 200,000 feet of tamarack lumber purchased at Stillwater, Minn., by the German government, is en route to German agents in Chicago.

Bank's Business College and several other buildings in Philadelphia were destroyed by fire at a loss of \$130,000.

Grain straw produced in the United States last year is estimated by the Department of Agriculture to have been 120,000,000 tons, valued at \$446,000,000.

Stratched across high electric wires in Pittsburgh, Harry Grusca, Russian, slept for an hour while a large crowd and ambulance and patrol crews maneuvered to get him down.

All passengers on the steamer Havana from Havana were vaccinated when one of the passengers was found to have smallpox. The passenger was sent to Swinburne Islands.

A late run of Arctic ice blocked the eastern Newfoundland coast.

The Danish government extended the moratorium in Denmark until October, 1915.

Wanted: A man who can do all the work of a man and a woman.

Powerful Mixture Prevents Appendicitis. The quick action of buckthorn bark, senna, etc., as mixed in Adler-Ka, astonishes Honolulu people. Just ONE SPOONFUL is so powerful and cleanses bowels so THOROUGHLY it relieves almost ANY CASE of constipation, sour or gassy stomach. ONE bottle has relieved mild cases of appendicitis. In acute cases get your doctor's permission to try.

One spoonful Adler-Ka ONLY TWICE a week keeps entire system CLEAN and prevents appendicitis. Most medicines act only on lower bowel; Adler-Ka acts on BOTH lower and upper bowel. TEN MINUTES after taking, effect begins—the INSTANT action is surprising. Although powerful, it works GENTLY and NEVER gripes. The Hollister Drug Co.

STOCKHOLDERS OF HIDALGO TO HEAR STATEMENT

E. A. Knudsen and C. G. Heiser Return From Investigation of Mexican Proposition

Hidalgo Rubber Company stockholders will probably get a definite report within a few days as to the prospects of the big Mexican investments, which, including the rubber company and allied propositions, run up to about \$4,500,000.

About \$1,000,000 of stock is held in the territory or by people elsewhere who became interested through those in the territory. Recently E. A. Knudsen and C. G. Heiser, Jr., went to the east, the latter being employed by representatives of the local shareholders in a consulting capacity.

Other representatives came up from Mexico to meet them. Knudsen and Heiser returned this week from San Francisco and a report is expected soon.

While neither has intimated what it will be, the expectation is that it will give some satisfaction to those here who are worrying about their investments.

A committee composed of Knudsen, George Rodiek, W. H. Melneray, J. M. Riggs, and D. P. R. Isenberg will meet soon to discuss the situation and draft a report for the stockholders.

Two or three months ago there was a proposal that a mortgage of \$1,500,000 on the Hidalgo property be taken up for \$160,000 gold, conditions in Mexico being such that the company's indebtedness could be reduced on the basis of paying approximately 10 per cent of its face value.

Radical Views Evident Since Women Can Vote

Trend of Legislation in Norway Is Socialistic Since All Adults Have Ballot

(By Associated Press.)

CHRISTINA, Norway. — Since Norway has given every adult woman and man the right to vote, legislation is declared to have taken a remarkably socialistic turn, although the Socialists party, except in special industrial centers, does not count a majority of the voters.

In parliament the radicals are in majority, and in connection with the Socialistic faction, they have such an overwhelming force that the Conservatives have no say at all. The present legislation is characteristic of Norwegian socialistic theories which, in many respects, are quite different from those of other countries.

For instance, the legislature, with a large majority, has passed a law by which illegitimate children are to be placed in the same class as legitimate children, in relation to the father. The slogan is "same rights for illegitimate children as for legitimate children."

One section provides that illegitimate offspring shall have full right to take the name of the father; another gives them equal rights in the matter of inheritance.

At present 480 Japanese, 60 Malayans, and 13 New Guinea natives, 553 in all, are still being employed in the industry. It is to be explained in this connection that the Japanese divers in Thursday Island are employed as contract laborers for the term of three years, the contracts being signed in Hongkong, the traveling expenses between Hongkong and Thursday Island to be borne by the employers.

The laborers are not allowed to land according to the emigration law of the commonwealth, but are employed by the special permission of the Australian government on condition that they live in the boats. But if the war lasts long and the efforts of the pearl gatherers to maintain the half work fall, it is feared that all the Japanese will lose their employment and be told to return home.

\$7000 A NIGHT FOR CARUSO IN BUENOS AYRES

NEW YORK, N. Y. — Giulio Gatti-Casazza, general manager of the Metropolitan Opera Company, received a cable from Enrico Caruso in Monte Carlo stating that the famous tenor has been engaged for ten appearances late in May at Buenos Ayres Opera House, Argentina, at \$7000 a night.

This is said to be the largest individual salary paid any artist of his profession and makes Caruso the highest paid singer in the world. He receives \$2500 an appearance at the Metropolitan.

According to the cablegram Caruso will sail for Buenos Ayres from Genoa, April 21. He will finish his season at Monte Carlo April 6. The cable stated that the season thus far had been successful in every respect. Caruso will probably return to America in midsummer, spending his vacation in the United States with many other songbirds of the metropolitan forces who are forced to remain here on account of the European war.

The war has not unnaturally decreased the demand for pearls and the industry has been affected in all the producing centers, especially in Thursday Island. According to the latest despatch from that island, the procuring of pearls has been suspended since the war started, and the divers and other workmen have been out of employment. The chief reason is that the demand has remarkably decreased in London, the principal market for this article, and there is an absence of demand in various European centers. Under these circumstances the owners of pearl boats have found themselves in a difficult condition financially, and they have been unable to pay the divers and other workmen. Strenuous efforts have, however, been made by them to renew the pearl gathering in view of the fact that the pearl industry is the only one on which the greater portion of the Thursday Island population depend for their living. For three months from October till December last year, 50 per cent of the pearl boats were employed in the pearl gathering, that is 59 boats out of 107. Even then 48 boats remain unemployed with the result that the Japanese divers to the number of about 150 have been discharged and sent home. Also about 200 natives of the neighboring industry have been discharged and sent home.

At present 480 Japanese, 60 Malayans, and 13 New Guinea natives, 553 in all, are still being employed in the industry. It is to be explained in this connection that the Japanese divers in Thursday Island are employed as contract laborers for the term of three years, the contracts being signed in Hongkong, the traveling expenses between Hongkong and Thursday Island to be borne by the employers.

CLUB FEATURES ON FINE PLATES OF OAK-BRONZE

On display in the windows of Wall & Dougherty are two of the handsomest ornamental plates ever seen in Honolulu, designed for the Commercial Club and the Oahu Country Club, and secured by Wall & Dougherty from eastern manufacturers.

Both of the plates are of heavy, finely-colored oak, with the ornamental designs in massive bronze. The designs are appropriate. That for the Commercial Club shows a railroad and speeding engine and a sugar mill in operation. Blank plates are left to be filled in with the names of the club presidents, the names of presidents to date now being engraved on the spaces. The Country Club plate is designed to carry the names of golf champions. The headpiece is a reproduction in bronze of an actual photograph of the clubhouse with several golfers standing in front.

The Commercial Club ordered its plate. That for the Country Club is a gift from the firm, Wall & Dougherty. Members of the two clubs are much pleased at the handsome ornaments.

GOVERNOR MAY NOW NAME FOUR NEW BOOSTERS

The appointment of the four new members of the Promotion Committee, one each from the islands of Oahu, Hawaii, Maui and Kauai, is now in the hands of Governor Pinkham and the supervisors of each island.

The Chamber of Commerce has adopted the amendment to its by-laws providing for making the additional membership of the Promotion Committee. Acting Secretary Taylor of the Promotion Committee has notified the chambers of commerce on the other islands of the action. Secretary Brown formally notified Governor Pinkham of the chamber's action yesterday.

It is not expected that Governor Pinkham will make the appointments before he leaves for the mainland next week. Kauai is understood to have a man lined up for the appointment from the Garden Island, but nothing is known of the other islands.
